POLITICAL PARADE

By CLEM WHITAKER

A popular name in Southern California, but a new name to most voters in Northern California is that of Roger Jessup, chairman of the Los Angeles County Board of Supervisors — and an avowed candidate for Governor at next year's election on the Republican ticket!

In the public's estimation (and what could be more important) it's a long step from supervisor to Governor of the State of California, but Mr. Jessup's ardent supporters have an answer for that one, too.

Quoting one of Mr. Jessup's backers and admirers:

"As chairman of the Los Angeles County Board of Supervisors, Mr. Jessup has a bigger job than the Governors of 32 states, because Los Angeles county, with more than a million and a half registered voters, is larger than most states and is one of the most important industrial and agricultural areas in the whole country."

The rest of California often looks with a jaundiced eye on local political figures from Los Angeles who aspire to high state office—and not without reason, for frequently they have carried their home county by sweeping majorities, but have made miserable showings elswhere. A case in point was the gubernatorial race some years ago between Governor Olson, Jimmy Rolph and Buron Fitts, then L. A. county district attorney. Fitts, as we recall, carried Los Angeles county 2 to 1, but lost all but one of the other 57 counties, with Rolph romping home the winner.

Word reaches this writer, however, that preliminary polls have been taken in the ten counties of Southern California which purport to show Jessup leading Mayor Fletcher Bowron, also of L. A., 5 to 1 in a check-up of Republican voters. The same polls are said to show Mr. Jessup out in front by a count of 2 to 1 over all prospective candidates, Democratic or Republican, including the incumbent, Governor Olson. Whether the polls are an acurate index of public opinion is another matter, but Jessup supporters are making the most of them.

In Northern California incidentlly, another southern candidate — Justus Craemer of Orange—is making rapid headway, particularly with the counitry press. Former Governor Friend W. Richardson is doing an astute job of campaigning for Mr. Craemer, but Mr. Craemer's record as a member of the state railroad commission probably speaks more eloquently for him than even Friend W.

Mrs. Dan Clark will be hostess to the Women's Service club at her home on North Second street on Wednesday afternoon, Nov. 26 at 2:30. Mrs. Marion Howes, Mrs. Herbert Shadle and Miss Ruby Howes will assist Mrs. Clark. Mrs. Florene Peake, an honorary member, will give a book review.

Seniors Start Ticket Drive For Class Play

They're off! The students of the U. S. history classes of the high school are leaping into a terrific pace as they compete for top honors in the ticket sale for the annual senior play "Tish," to be presented in the auditorium Friday evening, Nov. 28.

The play itself is an extremely amusing character comedy adapted to the stage from the world famous novels by Mary Roberts Rinehart. The part of "Tish," the old-maid and leading character, was first taken by May Robson. Mabel Pickett is interpreting the role in the current production.

Other members of the cast include Gloria Perine and Rae Ekstrand as the two old maid satellites of Tish; Tom Jenson and Charlotte Robertson in the romantic leads; Frank Savstrom as the eccentric old sheriff. Winona Beach has the role of a really different Mexican maid; Ellis Crane and Ida Hasselman, the "movie people"; Harold Truscott and Jacqueline DuPont portray a couple of loving but quarreling youngsters; and Jack Smith and Carolyn Burgess as the Scrooge-like town miser and his loveable daughter.

Tickets for the play may be obtained from any member of the senior class.

Her sister, Mrs. Richard Drew of San Francisco, was matron of honor. She wore pink net styled similarly to the bride's, and her bouquet was of mixed baby chrysanthemums.

Richard Drew served as groomsman.

The bride had selected a traveling ensemble of seal brown with matching accessories.

American Poets Discussed At Club Meeting

Paul J. Phelan, professor of literature and poetry at the University of Santa Clara, spoke to the Country Woman's club meeting on Monday.

His topic was "Americanism as Expressed by Our Poets." He traced fundamental characteristics and ideals of Americans as proclaimed by American poets. He read as examples of humor bits from Ogden Nash and other typical American humorists. The feeling of equality has been expressed by John Greenleaf Whittier and tolerance by Walt Whitman. Said Mr. Phelan, "Our spirit of Americanism is well expressed by our major poets." He advised the modern poet to come down to earth and express himself truthfully and thus interpret the great things of modern civilization. "Poets are vitamin capsules containing concentrated emotion of an age." In closing Professor Phelan suggested that we should seek more culture and less factual information. His talk was inspirational, entertaining and enjoyably informative.

The program was opend by Mrs. Eugene Bergeron who presented an original boarding school skit at the piano.

Mrs. Hubert Wagner sang beautifully, several poems set to music. She was accompanied by Mrs. C. E. Hagelin.

The program was opened duced by Mrs. Edna Smith in the absence of Mrs. J. C. Agostinho, chairman for the day. Others on the committee were Mrs. J. E. Murdock, Mrs. T. F. Rogers, Mrs. Raymond Bishop and Mrs. R. B. Hummel.

The club room was made festive with large bouquets of chrysanthemumus and African marigolds and catoneaster. An arrangement of fall fruits, vegetables and gourds was charming on a table at one end of the room. The mantle of the fire place was attractive with sprays of catoneaster, evergreens and snow berries.

Mrs. G. E. Jeffers presided at the business meeting preceding the program. Two new members have been invited to join the club, namely, Mrs. Nellie Rutherford and Mrs. Joseph Weimer. Mrs. Helen Robertson has again joined.

The next meeting will be on Dec. 1. The topic for the day will be "Famous Women of the United States." Miss Louise Adams and Mrs. J. E. Witherspoon will present the topic. Mrs. G. E. Farley will be chairman of the day.

GOOD-BYE, MOLARS?

Professor Peter J. Brekhus, of the University of Minnesota dentistry school, has written a book: "Teeth, Their Past, Present, and Probable Future." The past, he writes, is noble: Stone Age men had virtually no decayed teeth—not three in a hundred. The present is shameful: 90 per cent have decayed teeth—the average chap of 40 has lost half his teeth—many have store teeth. The future? It's terrific: A final chinless, toothless race—unless we start doing something about it.

Well, one wonders. The average man of today is too tall and robust to get into a suit of 15th century armor; athletic records of 50 years ago are duck soup for high school boys of today; it wasn't until man became "civilized and soft" that the span of life rose through the 20's and 30's and 40's and high into the 50's. Anyway, Professor Brekhus (if you're driving at what we think you're driving at), we know darn well we should visit our dentist more often. But you can't scare us much — we're scare-proof from looking at this perhaps half-toothless but certainly hardbitten old world of 1941!

DOUBLE THANKSGIVING

This is the last year Mr. Tom Turkey, in Thanksgiving day garb, keeps a double date with the American public on successive Thursdays.

Hereafter, the nation will give thanks in unison for America's bounty and celebrants will ply roast fowl on the last Thursday in November in every state. The celebration of the third Thursday in this month as Thanksgiving day has found approximately only half the states honoring that date. Restoration of the holiday to the later date marks, however, only one more change in the most changeable holiday in American annals.

The Pilgrims, who first held a day of Thanksgiving, did not observe the occasion regularly. President Washington designated the last Thursday in November, 1789, as a Thanksgiving day in all states, but in a few years the precedent was ignored, and states celebrated the day on different dates. It was President Lincoln who, in 1864, issued a proclamation calling for the observance of the fourth Thursday in November and re-established the precedent followed down to President Franklin D. Roosevelt's time, then altered, and next year to be restored. Simply to add to the confusion, it can be said that Canada, too, has long celebrated a Thanksgiving day. Its observance falls on the Monday of the week in which November 11 falls.

Naturally, true thanksgiving is a matter of the heart rather than of the calendar. In the most highly favored of countries, we can properly give thanks 365 days of the year.

THE PRESS AND THE COURTS

In balancing respect for the courts against freedom of the press, courts should, in all "doubtful" cases, decide for the press. So ruled the Supreme Court of Mississippi last week in reversing a contempt of court conviction of a Jackson editor for criticising a judge. That judgment seems prudent and sound. Respect for the courts is a serious public obligation; yet freedom of the press is a function of freedom of speech. Infringement upon freedom of the press we dare not tolerate—for it is infringement upon the basic freedom of speech of 130,000,000 Americans.

BYE-BYE, BIOFF

And now its' bye-bye for Bioff and Browne, labor officials found guilty of extorting $550,000 from the motion picture industry. Labor has lost no leaders, but only two misleaders and two vacancies have been created for honest men to fill. No thanks for this can go to labor officialdom which has opposed any housecleaning. Housecleanings have a habit of raising dirt — something to which venal officials are notoriously allergic.

Supervisors Petitioned For Traffic Light

The Santa Clara County Board of Supervisors had under consideration today petitions from 17 Campbell organizations asking for traffic signals at the Campbell avenue and Winchester road intersection as a protection especially for the some 1700 pupils of the two union schools located there.

Mrs. Frank Jacobson, safety chairman of the high school P.-T. A. and Mrs. Carl B. Field, co-chairman, presented the petitions.

The supervisors referred the petition to Chairman Joseph McKinnon for disposition. The suggestion of four way stop signs was made by Supervisor Wool, and Supt. W. H. Van Dyke said that this might be satisfactory.

The board assured members of the delegation that the matter would be taken up with the California Highway patrol as soon as possible. As these are secondary highways special arrangements would have to be made if the stop signs were installed.

Joseph Halamicek of Fourth street, well known musician and instructor, is reported as very seriously ill.

Inquiring friends will be pleased to learn that Miss Sadie Maxson who has been in the hospital for several weeks with a fractured hip is recovering satisfactorily although no date has been set for her return home.

Winfield Archibald left recently for Jefferson Barracks, Mo., where he is a member of the ground force of the air corps. For the past year he has been with the Bank of America at San Luis Obispo, from which he was granted a leave of absence while in service.

Mrs. Lillian Ohlen of Gilroy was visiting friends in Campbell last Wednesday.

Heather Howard To Be Christened At Home Friday

On Friday, November 21, Heather Howard will be christened at the home of her parents, Mr. and Mrs. LBen Howard, Milton avenue, by the Rev. R. H. Silverthorn of Los Angeles. Reverend Silverthorn also christened Sandra and Joline, Heather's sisters, and officiated at the wedding ceremony of Mr. and Mrs. Howard. Heather will be two years old in February.

Following the christening, which will be at 5 o'clock, a buffet supper will be served to Rev. and Mrs. Silverthorn, L. B. Howard and Orah Howard of Palo Alto, Mr. and Mrs. D. H. Cramer, Mr. and Mrs. Fred Larsen and Miss Gladys Larsen.

Theta Rho Girls Initiate Nine New Members

Girls of the Fidelis Theta Rho club initiated nine new members into the organization at a regular meeting of Ada Rebekah lodge Tuesday evening in Odd Fellows hall.

The new members are Margaret Reese, Patricia Ratliff, Jean Baptist, Joyce Le Fevre, Bernice Edwards, Elizabeth Meyer, Alma Valencia, Joyce Kelleher and Betty Morrill.

The impressive ceremonies were presented before a large audience of Rebekahs, Rebekah-Odd Fellows and many visiting officials, and was followed by a colorful drill.

According to an announcement by Mrs. Josephine Gray, adviser, the girls have been invited to install a new club at Boulder Creek on Friday evening, Nov. 28.

On the committee for the evening were Jack Murdock, chairman; Walter Smily, Ray Mathis, Gene Hodges, Ellen Arnold, Edith Morley, and Gertrude Cornell.

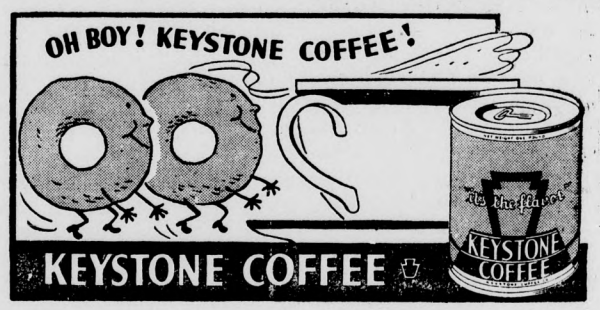

BIDS IN ON NEW POST OFFICE, SAID

With its lease expiring on March first, 1942, the local post office will be moved to another location, according to rumors which in this case appear to be fairly authentic.

It is known that several sites have been studied, and that bids for buildings on at least two of them are in the hands of the post office department.

Mr. and Mrs. J. J. Pardee arrived home Friday from a week spent in Sacramento with their son, John, and family. One of the interesting events of the week was a day spent visiting some of the historic places in the Mother Lode country.

60,000
CALIFORNIA HOUSEWIVES
COOK ELECTRICALLY
FOR $2.33 AVERAGE COST PER MONTH

Mrs. Thomas said to Mrs. Brown:
"Doesn't your electric range cost quite a bit to operate?"
Mrs. Brown replied:
"That is something I never think about. We use electricity for many services in the house and use a lot of it. I have never thought of cooking just by itself. I know it cannot be very much."

Mrs. Brown is like many housewives who cook electrically. When she added an electric range to her many electric servants in the home, her electric bill did not take an expensive jump. The reason is that the cost of electricity drops as more and more kilowatts are put to work.

In the average home electric servants sweep rugs, refrigerate foods, toast bread, mix cakes, bake waffles, brew coffee, give entertainment, tell time, light all rooms, wash and iron clothes and perform many other odd jobs. To cook electrically is a logical and economical next step. The electric range operates on the lower and cheaper rate blocks of electricity. THAT is the big reason why average monthly operating cost of electric cooking for 60,000 P. G. & E. customers is only $2.33.

You can cook three meals a day on an electric range for an average of 7¾ cents a day. That is less than 3 cents per meal. Or if you use the thrifty deep-well cooker on a modern electric range, you can cook a wholesome big dinner for 2 cents. No matter what fuel you use...THAT is low-cost cooking.

It is just human to think of the total amount of the monthly electric bill as ALL cooking. But electricity does many things in the home. Cooking ALONE...by itself...is only one part of the electric bill.

Look at These Savings, too, that an Electric Range gives you!

It's automatic. You set temperature and time controls and cook an entire meal, even though you have gone to town shopping, miles away. It's clean. Automatic cooking eliminates the need for last minute frying or rush boiling that fills the kitchen with grease and steam. That's why electric cooking saves kitchen drapes and painted walls and cabinets.

It saves food money too. Vegetables are prepared with waterless cooking. Meats cook at low temperatures to tenderize less expensive cuts and hold in flavorful and healthful vitamins.

Switch to Electric Cooking for Economy and Convenience.

With other costs of living rising electricity is as cheap as ever. The new electric ranges use it sparingly. They are not high-priced to buy now. You will find just what you want priced to fit your purse and budget. You can still buy on installment terms. See your dealer today about a new electric range. Once you use an electric range you will never want to cook on any other type of stove.

THE BOOK MARK

by marty

Ghost Town, by G. Ezra Dane and Beatrice Dane.

The writers of this book are mother and son. They have written one of the most amusing stories about the days of the gold rush in California that I have had the opportunity of getting into. My greatest handicap, in this book, was that the reader read too fast. My chances for learning very much about the story were small but what I did find out was wonderful, laughable ,tragic and almost unbelievable.

The town around which all, or perhaps most, of the action takes place is Columbia, California, in the Mother Lode country, and the time of action is in the '49 and '50s at the height of the excitement which the discovery of gold brought on.

From what I was able to gather from bits of discussion I overheard between the different readers of the book, it seems to me that the manner in which the whole book is put over to the reader is the intriguing characteristic of the tale. The authors, being members of a pioneer family themselves, were deeply interested in their subject and the way they gathered the material interested me more than any one other thing. You see, they went to the different little villages and towns, in the county of Tuolumne, principally, and hunted up all of the old timers that they could find and got them to talking about "the good ol' days" when gold was being rushed. It seems that Columbia was the "ghost town" that meant the most to their hearts; however, other towns enter into the picture. It's the way the old timers tell their stories that's funny. That is why the book went over so big with your Book Mark. And I believe it will go over big with anyone —especially anyone who is interested in California's earlier days.

Joe Gard whose illness was noted last week was taken to the county hospital Tuesday.

Defense Metal Working Class Started Nov. 12

Sixteen young men have signed up for the night classes in shop work conducted at Campbell Union High school under the sponsorship of the U. S. Office of Education operating through the state department of education.

Classes are held five nights a week, three hours a night, covering a ten week period. Classes are limited to young men from the age of 18 to 24.

The students are studying under the able tutoring of T. H. Martin, local blacksmith who has 45 years of experience along these lines. The work includes all types of forging, sheet metal, and arc and acetylene welding and when the course is completed satisfactorily the students receive a certificate that should enable them to get a job in a defense industry.

Anthony Bakichi, electrician for S. N. Hedegard and his son-in-law Robert Rees, has purchased the Dan Yeager house on Winchester road. The Stuart Burgess family who had occupied the house for some time have taken an apartment in San Jose.

Guy E. Farley, general chairman for the local Red Cross roll call, reports that the solicitors are at work and some returns are in but more active visitation will be made after today when the ladies will have more time. Anyone may call at the Farley real estate office if he is not contacted and wishes to become a member.

Harry Tominaga, Campbell High School freshman, who has been in the hospital for several weeks, underwent a spinal operation Tuesday. Results of the operation are yet unknown.

DEFENSE BOND QUIZ

Q. Who said: "I only regret that I have but one life to lose for my country"?

A. Nathan Hale, who gave his life for America, like great numbers of his fellow countrymen. We are only asked to lend our dollars for Defense Bonds and Stamps to defend the liberty for which they died.

Q. Where I work there is no pay-roll allotment plan for the buying of Defense Bonds and Stamps. How can I get one started?

A. This depends on your position, and the kind of organization in which you are employed. Generally speaking, your immediate superior would be the proper person to receive your suggestion that you would like to have a voluntary pay-roll allotment plan introduced. The firm's bank can supply information about such a plan.

Thanksgiving Service At Los Gatos Church

A Thanksgiving service was well attended yesterday at First Church of Christ, Scientist, Los Gatos.

The singing of a hymn opened the services. The Thanksgiving proclamation of the President of the United States was read by the first reader, followed by a selection from the Bible. The congregation then united in silent prayer, followed by the audible repetition of the Lord's prayer with its spiritual interpretation as given in the Christian Science textbook.

After another hymn was sung by the congregation, the subject of the lesson-sermon, "Thanksgiving," was announced, and the Golden Text was read from Psalms: "Offer unto God thanksgiving; and pay thy vows unto the most High: and call upon me in the day of trouble: "I will deliver thee ,and thou shalt glorify me" (50: 14, 15).

One of the Scriptural passages found in the lesson-sermon was as follows: "For the Lord shall comfort Zion: he will comfort all her waste places; and he will make her wilderness like Eden, and her desert like the garden of the Lord; joy and gladness shall be found therein, thanksgiving, and the voice of melody. Therefore the redeemed of the Lord shall return, and come with singing unto Zion; and everlasting joy shall be upon their head: they shall obtain gladness and joy; and sorrow and mourning shall flee away." (Isa 51: 3, 11).

The Women's Society for Christian Service, Methodist church organization, will hold its annual Christmas tea and bazaar at the home of Mrs. William Lloyd on Friday, Dec. 19, from 3 to 5 o'clock in the afternoon. An appropriate program is being arranged and the affair is open to the public.

Mr. and Mrs. R. G. Archibald had a delightful three-day trip last week when they visited Kings River canyon and Sequoia National park.

Fort Ord Grid Team Takes On Fliers Nov. 23

The Fort Ord-Moffet Field football game and military pageant will draw more than 10,000 soldiers to San Francisco's Kezar stadium Sunday, Nov. 23.

A gigantic military display featuring tanks, jeeps, guns and the latest army equipment is expected to draw thousands to the charity football game.

Playing hard and fast football the teams will decide whether Moffett Field will wear the mythical crown as service champion of the Pacific coast.

The appearance of the latest model tanks in actual field display marks the first time that the potent steel monsters have been seen in northern California.

Fort Ord will convoy more than 5,000 soldiers to the game and Moffett Field will bring thousands more from the Sunnyvale field.

Pageant plans call for Ord's massed band of over 100 pieces and the Moffett Field band to play. Army materiel, a jeep exhibition drill, tanks in action, the massing of the colors and airplane formation flying over Kezar will round out a colorful program.

The game is strictly a charity contest. All proceeds will be divided between the Ord and Moffett Army Athletic and Recreation funds and the Call-Bulletin Christmas fund.

Tickets are on sale at all usual ticket agencies, and will sell for $1.65 and $1.10. Service men in uniform will be admitted for 50 cents. A special patrons' section on the fifty yard line, will sell for $3.30.
